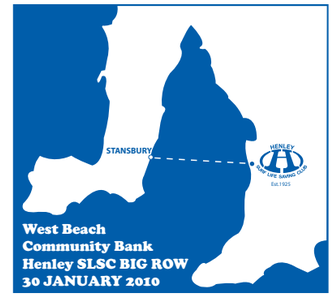
HENLEY SURF LIFE SAVING CLUB Est.1925

THE WBCB Henley SLSC BIG ROW 2010



The Henley Surf Life Saving Club

Henley Surf Life Saving Club has the proud record of being South Australia's first Surf Life Saving Club, having been established in 1925. We are run solely by volunteers and during the 2008/09 season a total of 5,067 patrol hours were dedicated to ensuring our beach is safe. To date, over 800 lives have been saved as a direct result of our patrols.

Our club also provides opportunities for children and young adults to be physically active with over 100 participants frequently attending our Nipper and Junior training sessions which are held on Saturday mornings during summer.

What is the Big Row?

This event is Henley Surf Life Saving Club's major annual fund raiser and involves a collaborative effort from our female, junior and male members rowing a surf boat 68kms across the Gulf St. Vincent from Stansbury on the Yorke Peninsula to Henley Beach. Now in its fourth year, the 2010 Big Row will take place on Saturday 30 January.

5am - The start of the Big Row 2008 at Stansbury

2pm - The finish at Henley Beach 68kms later!

Promoting Beach Safety and Community Involvement

This event is also used to promote the message of "swimming between the flags" and to heighten awareness of beach safety issues. As part of the National Surf Life Saving Program to educate school children living in regional areas, each year Henley SLSC conducts a Beach Safety session for the Stansbury Primary School which has received fantastic support from the local community.
